

One-on-one mosaic workshops with personal follow-up

In this workshops, you can explore paper-glass mosaics, an unique style of making mosaics with painted tessera, mirroring glass. Colourful landscapes, flowers in vases, abstract compositions, mosaic and beadwork, and mixed-media creations, as well as inserting beads, polymer clay disks and other materials.

You will learn new techniques or new styles, experiment with colour and composition, and discover endless possibilities to develop your own creative style.

Your choice what to make on this day.

Learn, create, and continue at your own pace!

So many people ask me if I offer mosaic workshops in South Africa. And yes, I do, from time to time! Indifferent event/gallery spaces in Cape Town.

But looking back in life, some of my favourite workshops were the days I welcomed people into my own studio and worked alongside them. Those workshops, however, took place in other countries and bigger studios.

As my studio is part of my home now, I like to keep things small and personal. I am sure you can understand that!

So, I have decided to open up my studio in a slightly different way.

You can now book a one-on-one workshop with me, or come along with a friend who shares your love of making things.

Learn what YOU want to learn

Whether you are a complete beginner or an experienced mosaic maker, we will tailor the workshop to your interests and the project you would like to make.

We start together in my studio, where I guide you through the process, share techniques, explain materials, and give you plenty of information, tips, and inspiration. We work alongside each other, so there is room for questions as you go.

The idea is to give you a good taster course in one day, with enough knowledge and confidence to continue working on your project at home.

And the best part? You don't have to finish everything in one day!

You can continue at your own pace at home after our day, ask questions along the way, or book additional studio time to work alongside me. We simply arrange a date that suits us both, and you can join me for a few more hours of creative time. Alternatively if you come from outside CT we can keep in contact via Whatss app.

What can you make?

The possibilities are endless, and you can choose what appeals to you most.

- **Paper-glass mosaics:** abstract squares, landscapes, or colourful patchwork mosaics.
- **Mosaic and beads:** explore the combination of tesserae, beads, and other materials.
- **Polymer clay inserts:** add handmade decorative elements.
- **Mixed-media mosaics:** experiment with different materials, textures, and techniques.

I can provide kits, hand-painted paper-glass tesserae, beads, buttons, boards, glue, and tools to use during your workshop. Most materials for paper mosaic are included, except for additional inserts and special materials where applicable.

We will discuss your ideas beforehand so I can prepare the right materials for your project.

Choose your studio experience

1. Private workshop day, Lunch included .

10:00–16:00. ZAR 2,900

A full day of personal guidance, hands-on learning, techniques, and inspiration. A great starting point for a new project that you can continue at home.

2. Follow-up sessions

Continue your project with additional studio time, arranged by appointment.

My studio time can only be booked after the initial private session rate is ZAR 350 per hour, excluding materials, where applicable.

Come on your own or bring a friend!

2 people ZAR 3900 private lesson

These workshops are intentionally small, allowing me to give you my full attention and making the experience relaxed, personal, and creative.

You don't just leave with an artwork. You leave with new skills, a head full of ideas, and the confidence to keep experimenting long after you have left my studio. A valuable package of information that is unique for a private course.

And, of course, you can always come back for more. There is no shortage of things to learn in the wonderful world of mosaic!

Interested in booking your own creative day?

Email me at karladuterloo@me.com and tell me what you would love to learn or make. We can discuss your ideas and find a suitable date.
